

Lines and Spaces 1

The image displays eight horizontal staff lines for musical notation, specifically using the bass clef. Each staff begins with a bass clef symbol (F-shape) and a '4' indicating four beats per measure. The notes are represented by open circles (circles with a dot in the center). The first seven staves contain six notes each, while the eighth staff contains five notes. The notes are distributed across the lines and spaces of the staff, with some notes being on the top line, middle line, bottom line, or in the spaces between them. The staves are separated by vertical bar lines, and there are horizontal dashes below each staff, likely for a student to draw stems or other markings.
